

Birth Professional ... Doulas

What Exactly Is Your Role In Childbirth As A Doula?

Doulas are betwixt and between ... not midwives and not family.

You know how easy it is to take the role of birth coach in labour when the father-to-be, friend or relative should really be doing that.

On the other hand, doulas can become part of a movement ... Growing a skilled birthing population!

What an amazing thought. All pregnant women KNOWING how-to birth and every father-to-be/partner, friend or relative knowing HOW-TO be a great birth coach.

Become a Pink Kit distributor in your local area and grow birth skills among expectant parents who aren't your clients. What a novel idea.

Look at the Benefits, Features AND Calendar for using The Pink Kit Package.

'I have a passion for birth but find going to lots of births too much for my young family. I became a Pink Kit distributor and feel I'm doing more good for a larger number of families than I could do in private practice.'

Birth Plans and an over abundance of information has been the focus for expectant parents since the 1970s. Doulas now compete with how many 'alternative therapies' they bring to their clients. While a great idea, it grows passivity to the birth professional and gives a clear message that as woemn we can't birth without you or our midwife or obstetrician. Now's the time for CHANGE.

Childbirth skills need to become the new way to a 'beautiful birth' no matter where families give birth and even without you as their Doula. The Pink Kit Package contains childbirth skills, childbirth skills and Childbirth Skills.

Only a birthing woman can control her breathing. As a Doula it's too tiring to breathe with her for hours. Only a birthing woman can control her ability to relax. which is often hard even for Doulas to see.

In reality ... the best birth coach for the woman in labour will always be her husband, partner or other well known person AND they need the birth coaching skills or they will overly rely on you. In the long run you will become exhausted! Every positive birth leaves new parents with these wonderful feelings ...

particularly when they use their birth skills to the max. They know

- They've done a great job!
- Coped with the birth pains really well!
- Worked together as a team throughout birth particularly during the most painful contractions of childbirth!

- Their baby has come out of the woman's birthing body without damage to her body and is safe in the arms of the parents.

- The birthing woman recovers amazingly quickly!
- The birthing family has totally impressed their doctor, midwife, friends, relatives and YOU as their Doula!

- Been ready to move into their parenting role without unfinished birth business!

Imagine how great families will feel if you sell or rent them with The Pink Kit Package and achieved the above success with or without your Doula skills.
